4	26	58	<p>Our Foreign Mail Bag: "Annam - An Appeal for the Gospel. - Mr. Soderberg writes of a recent delegation sent from an island village to see if they could secure a Prot. teacher. They were not after Christianity because of temporal advantages, because they might have had Roman Cath. priests, but did not want such. In some way they had gotten hold of some Bibles, were reading them and had become interested enough to seek for more light. And shall such light be denied them?"</p> <p><u>Opportunity and Need</u> - "There is no longer a ques. as to the opportunity in Annam. The sales of Gospels are good everywhere. The people are accessible and receptive. It is God's time for Annam! Oh, for at least a score of consecrated workers, and the money to send and support them, that we may make good the open door God has given us in this dark and destitute field!"</p> <p><u>Change of Address</u></p> <p>Our Annam missionaries earnestly request that mail for them be no longer sent to South China, involving long delay, but to Tourane, Annam, Indo-China. Will friends please take notice?"</p>	
8	23	329	<p>"Annam - The work in this new Alliance field is very promising. In May the premises formerly owned by Mr. Bonnet, of the British and Foreign Bible Soc. was bought by our mission and now forms the basis of our work. Messrs. Hosler and Soderberg have with commendable zeal pushed into the study of French and Annamese."</p> <p>Wedding bells: "A most pleasant feature of the work this yr. was the marriage of Mr. Hosler and Miss Cruthers upon the latter's arrival at Hoñg Rong in Sept. Since then Mrs. Hosler has been busy at lang. study while Mr Hosler is at the present time working on a translation of the gospel of Mark into the Annamese language."</p>

10	25	58	<p>"Annam -- The past year has been devoted by our little band of pioneers to lang. study, translation and itinerating. Sufficient progress has been made in the lang. to begin meetings for the Annamese, and several have asked for baptism.</p> <p>The Gospel of Mark has been translated into the colloquial, and a tentative edition is being printed. Some gospel hymns have also been translated. A donation of \$75. is asked for to meet the exp. of the tentative translation of Mark.</p>																	
11	15	104	<p>"An Urgent Need for Annam"</p> <p>It is distinct in that we are the only Mission at work in the whole of Indo China. It is important because of the large number that can be reached by our Mission. And as a civilized people, they ought to be given the Gospel. It is a large task and for this reason we make this appeal.</p> <p>First: In order to properly prosecute the work which we have undertaken, we earnestly appeal for the appointment of six new miss. Owing to the conditions in Annam, we believe that married couples would be better for the work than unmarried workers. However, we would not make this request if it should be a hindrance to any who are called of God to Annam.</p> <p>Second: The work not only calls for men, but for money also. To send men means that we must have money. Our present needs are not large, but urgent. They are as follows:</p> <table border="0"> <tr> <td>For the remaining amount to complete the purchas</td> <td></td> </tr> <tr> <td>of the Tourane property (gold)</td> <td>\$500.00</td> </tr> <tr> <td>To open a new station (gold)</td> <td>2000.00</td> </tr> <tr> <td>To erect a temporary bamboo chapel in Tourane (gold)</td> <td>75.00</td> </tr> <tr> <td>To print a tentative edition of the Gos. of Mark</td> <td></td> </tr> <tr> <td>which is needed in the work at once (gold)</td> <td>75.00</td> </tr> <tr> <td>To build larger native quarters on Tourane</td> <td></td> </tr> <tr> <td>property</td> <td>75.00</td> </tr> </table> <p>Yours in behalf of the Conference I.
