Rev. D. I. Jeffrey,
Tourane, Annam.

Dear Brother Jeffrey:

Thank you for your two letters of April 19th and May 3rd. Thank you also for the financial statement for the Men's Bible School.

As far as the new Commentary referred to in the enclosed ad, I think it is all right, but I will make a little further inquiry and be sure, and will then order three sets to be sent to you, charging the same to your account.

Thank you for the photo of the Men's Bible School which is very good indeed.

I am sending one hundred dollars to your account for French Reference books with next allowance.

I have debited the items bought for you in Hong-kong to your account, as per the memorandum I gave you in Tourane. Thank you for the cheque for \$70.00 which we have credited to your personal account. Thank you also for the gold needle from Brother Heng. It was rather disappointing, I must say, in its size, but we did not allow for Thay Heng's gristle! I enclose a copy of your personal account. (*Will send this later*)

I note that your student account is still in arrears \$90.00. With the next allowance I am sending you an extra hundred on this account.

Believe me to remain,
Very sincerely yours,

RAJ/M.

Vice-Presidency of the Alliance. I cannot consider that this would be a larger ministry: in fact I feel as though I would rather be chaplain to the robbers in the mountains than go home!! I would rather be out here feeding the multitude than at home preaching about the loaves and fishes!

I wish you could all have been at our Conference. It was a time of great blessing. You would have enjoyed, I am sure, the memorial service for Brother Hess and Brother Cunningham, also the rehearsal of the Kweilin 77 days' siege. I am trusting that we shall have a good Conference at Tourane.

As you request, we are charging your account with the two student portfolios, and cancelling the charge from Mr. Grupe's account. The amount is \$6.00.

Hoping to see you soon, and with best regards to all in Tourane, believe me to remain,

Yours very sincerely,

RAJ/M.

P.S. I have just received Miss Frost's letter of July 14th with regard to funds for the Bible Women's School. I think perhaps it will best to leave this. You will probably be able to get along till Conference time. Since the ladies are about to go home on furlough, I wonder just how far we should go forward with the Bible Women's School. This Conference will determine what can be done in their absence. Please thank Miss Frost for her letter, and for the news items which it contained both from Indo-China and from the home end.
