My research into William Charles Cadman, born April 4, 1883 in Rotherhithe brought me to this site. He apparently went to Canada for studies in 1904 and then left from the US to Vietnam, known then as Annam where he lived most of his remaining days. I am trying to find any descendents of his siblings in the UK. Also interested in any correspondence that he may have written from Asia etc. Thanks for any suggestions.
